Program overview

Learn to model a business the way analysts do — building a three-statement model, a valuation and a clear investment case in Excel — then present it, case-competition style, to mentors from finance.

How the two months work

MONTH 1 · TRAINING

Learn by building

Hands-on, mentor-led sessions. You work through the curriculum and build the core project.

MONTH 2 · INTERNSHIP

Apply it on real work

You apply it on real work, reviewed by the same mentors, and finish with something you can show.

Who it's for & prerequisites

WHO SHOULD JOIN

- Students & early-career builders — any branch — great for business & management
- Build a full valuation model from scratch and pitch it, case-style.
- Anyone who wants job-ready, portfolio-backed skills

PREREQUISITES

- **Beginner-friendly** — starts from fundamentals
- No prior experience required; basic laptop comfort helps
- A laptop, internet, and time to practise between sessions

The skills you'll walk away with

Financial Statements | Modelling | Valuation | The Pitch

Exact libraries and tools are kept current and beginner-friendly; the concepts transfer across the field.

What you'll master

Financial Statements	Read and link the three statements.
Modelling	Build a clean, flexible model in Excel.
Valuation	DCF and comparables done properly.
The Pitch	Turn numbers into a clear decision.

By the end, you will be able to

- **Financial Statements** — Read and link the three statements.
- **Modelling** — Build a clean, flexible model in Excel.
- **Valuation** — DCF and comparables done properly.
- **The Pitch** — Turn numbers into a clear decision.
- Finish with **5+ portfolio projects** and a capstone you can show in interviews

Training curriculum — topics & what you'll do

Hands-on, mentor-led sessions. You work through the curriculum and build the core project. Lesson counts are shown per module; your mentor keeps the pace friendly for every level.

1 Accounting & Statements

6 lessons

- The three statements
- How they link
- Reading a real company
- Excel foundations

2 Building the Model

7 lessons

- A clean model structure
- Assumptions and drivers
- Scenario analysis
- A full three-statement model

3 Valuation & Pitch

6 lessons

- DCF valuation
- Comparable companies
- Building the investment case
- Capstone pitch

Month 2 — the internship

Real work, same mentors, something to show

With the training behind you, month 2 puts your skills to work on real, scoped tasks. The same mentors who taught you now review your work — and you finish with a shippable project and a verifiable certificate tied to it.

YOU DO

Apply your skills on real, guided work.

MENTORS DO

Review your work regularly and unblock you.

YOU FINISH WITH

A project you can show and a certificate you can verify.

Projects you'll build

Hands-on builds across the program — each one portfolio-ready. Your capstone ties it all together.

Three-Statement Model

Build a linked financial model for a real company from a blank sheet.

Excel Excel

DCF Valuation

Value a business from the cash it's expected to generate.

Valuation Excel

Investment Pitch

Turn your numbers into a clear buy-or-sell case and present it.

Deck PowerPoint

Scenario Model

Stress-test your model across best, base and worst cases.

Excel Excel

Comparable Companies

Build a set of trading comps and read what they imply about value.

Valuation Excel

Your tools & tech

Excel | Valuation | Deck | PowerPoint

These are the core tools you'll use across the projects. Your mentor confirms the exact versions on day one.

What you'll need

BRING

- A laptop (4 GB RAM or more) and its charger
- A stable internet connection
- A few hours to practise between sessions

PROVIDED

- Full LMS access & starter files
- Mentor support throughout
- A verifiable certificate on completion

Getting set up

Everything you need is free or provided. Your mentor shares the exact tools to install and any starter files in your welcome email — so you're ready from day one, with nothing to buy.

Reserve your place

Confirm your seat today with the registration fee. It holds your place and counts towards your program fee.

Registration fee

reserves your seat

Pay the one-time **registration fee** to lock in your place. It counts towards your program fee — not an extra charge — and the balance is confirmed when you enrol. Payments are secure, and your seat is booked the moment it clears.

Choose your plan

Core

The full two months, training and internship.

- Month 1 — full training curriculum
- Month 2 — internship on real work
- Verifiable certificate

Pro POPULAR

The same two months, with more mentor time.

- Everything in Core
- Extended mentor sessions
- Project review before demo

Your certificate

A verifiable certificate of completion

Finish the program and you receive a certificate tied to the projects you built and their live links — independently checkable at **thelearningstage.in/verify**, so it holds up when a recruiter looks it up.

Enrol in five steps

1. Visit **thelearningstage.in** and open the **Financial Modeling & Valuation** program.
2. Choose your plan — **Core** or **Pro**.
3. Confirm your seat with the **registration fee** — it counts towards your program fee.
4. Get your welcome email with **LMS access** and your start date.
5. Join Month 1 training, then move into your Month 2 internship.

Frequently asked questions

Do I need a finance background?

No — we start from the statements and build the model step by step. Commerce and non-commerce students both do well.

Which tools will I use?

Excel primarily, plus a deck for the final pitch — the toolkit analysts actually use.

Will I receive a certificate?

Yes — a verifiable certificate tied to your model and pitch.

Which companies hire for this?

Consulting, banking and analyst roles actively recruit for modelling skills — the logos shown are examples.
